

NSF Safe and Inclusive Work Environment Plan for Off-Campus or Off-Site Research

The University of California Los Angeles is committed to addressing harassment and fostering a safe and healthy work environment. Policies and expectations for proper conduct apply to all staff, faculty and students whether on-campus or working, doing research, or engaging in scholarly activities or study at an off-site location.

In addition, it is NSF policy to “foster safe and harassment-free environments whenever science is conducted.” (NSF 2023 PAPPG Guide II-E.9). Grantees are required, effective with proposals submitted 1/30/23 or later, to certify that we have a plan in place that addresses:

- (1) Abuse of any person, including but not limited to harassment, stalking, bullying or hazing or any kind, whether the behavior is carried out verbally, physically, electronically, or in written form; and
- (2) Conduct that is unwelcome, offensive, indecent, obscene, or disorderly

The University meets NSF requirements (as well as its own expectations) by using the policies and procedures outlined below, and as further amplified to cover special circumstances as dictated by the PI in the project-specific information shown in this document. **Principal Investigators are responsible for distributing a copy of this plan to each participant in an off-campus or off-site research prior to those individuals leaving campus to participate in the off-campus or off-site activities.**
